

The FSBWL guide to IT

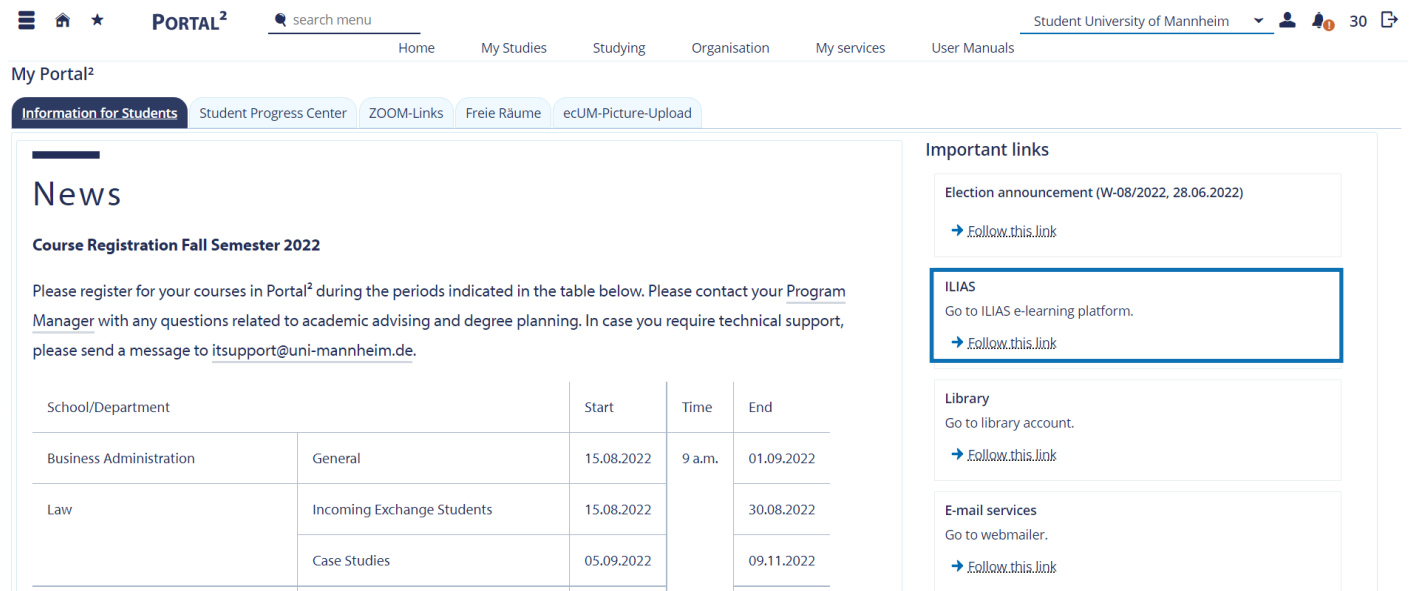

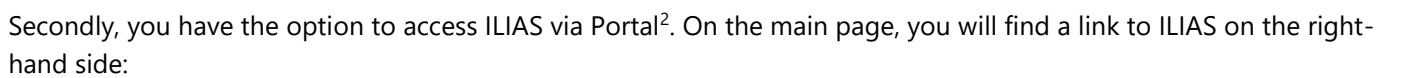

ILIAS

HWS 2022 edition

ILIAS is the E-Learning platform of the University of Mannheim. It is a platform to exchange files and information between lecturers and students and between students themselves. In this guide we show you how to use ILIAS and how to perform the most common actions.

1. How to access ILIAS
2. Change the display language
3. Admittance to a course & access course material
4. Forum
5. Tasks & upload documents
6. Group "Mannheim Master in Management"

There are two different ways to access ILIAS. First, you can directly go to ILIAS by searching for it and [logging in](#) with your University ID and your password. Click on the *CAS-Symbol* to enter your ID and password.

Furthermore, you can access ILIAS by selecting a course that you are enrolled in. Start in the top menu bar and choose *My Studies* > *Show my enrollments* > (click on one of your courses) e.g., *OPM 691 Supply Risk Management* > *Parallelgroups/Appointments*:

The screenshot shows the ILIAS interface. At the top, the 'My Studies' menu item is highlighted. Below it, the 'Parallelgroups / Appointments' tab is selected. The course 'OPM 691 Supply Risk Management' is displayed. A table shows the course schedule for the term 'Herbst-/Wintersemester 2022'.

Rhythm	Weekday	From - To	Cancellation date	Start date... End date	Exp. Att.	Comment	Performing lecturers	Room
weekly	Thu	10:15 AM - 11:45 AM		Sep 8, 2022 - Dec 8, 2022	60		Prof. Dr. Christoph Bode	Q.129, Göhringer Hörsaal (Schloss Ostflügel)

However, the button "Go to ILIAS-course" only works if the e-learning on ILIAS is activated. This is the case for most of the courses but not for all. Some lecturers might not put their course material online, but ask you i.e., to buy the script of the lecture.

Change the display language

ILIAS can be accessed in both German and in English. To switch between the two languages, click on the circle with your initials in the top right corner. Then, you can open the section *Settings*:

The screenshot shows the ILIAS user interface. The top right corner features a profile icon with the user's initials. A dropdown menu is open, showing options: 'Profile and Privacy', 'Settings', and 'Logout'. The 'Settings' option is highlighted. Below the menu, the 'Dashboard' section is visible, showing 'My Courses and Groups' and a 'Calendar' widget.

To switch between the two languages, you can use the language menu and choose your preferred language. Keep in mind that some of the menu items or folders might still be shown in German although you selected "English" as your preferred language. Finally, click on *Save* to save your changes.

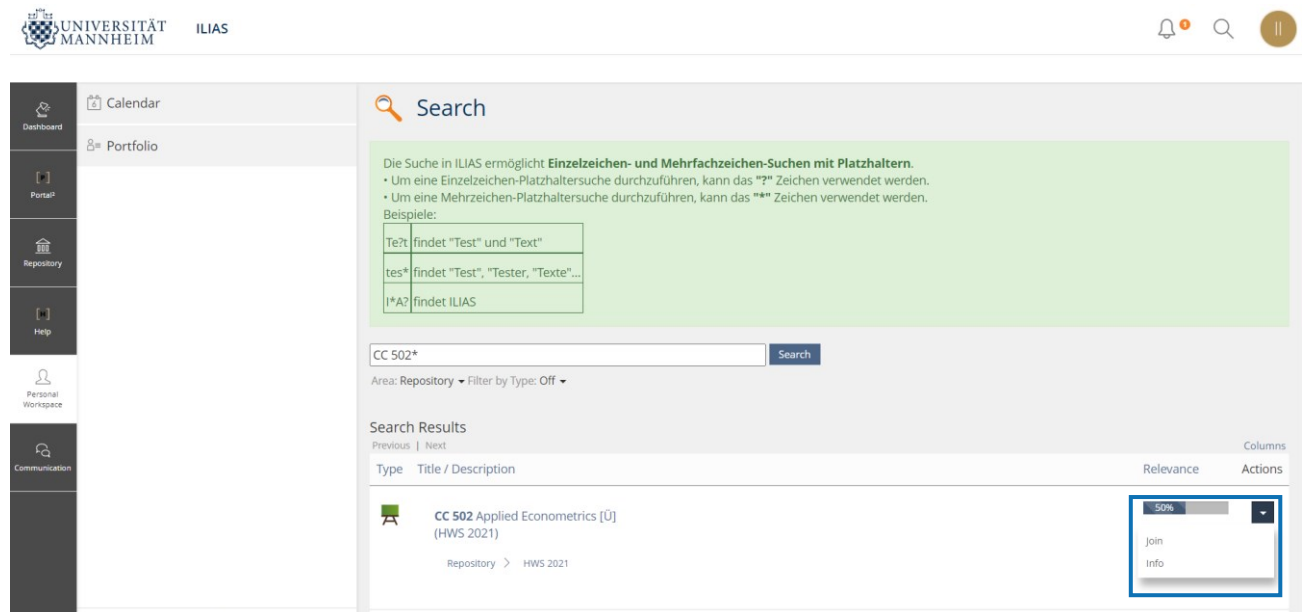

Admittance to a course & access course material

As with logging in, you can either join a course via Portal² or directly on ILIAS. To join a group via Portal² please refer to the guide on page 3.

To join a group/course on ILIAS, follow these steps:

1. Click on the magnifier in the top right corner and enter the name/short name of the course in the search bar, i.e., CC 502

2. Once you found the course you have been looking for (check for the correct semester e.g., HWS 2021) click on the  to *Join* the course

Liebe Lehrende, liebe Studierende,

wie angekündigt wurde der Übertrag alter ILIAS-Kurse von 2008-2019 in ein Archiv-ILIAS in den Abendstunden des 19.01.22 vollzogen. Über <https://archiv.iliass.uni-mannheim.de/> können Sie mit Ihrer Uni-ID und Ihrem Passwort auf die älteren Kurse weiterhin zugreifen. Bei Fragen und/oder Problemen wenden Sie sich bitte an itsupport@uni-mannheim.de.

Dear teachers, dear students,

the transfer of old ILIAS courses from 2008-2019 into an archive ILIAS was completed as announced in the evening hours of 01/19/22. You can still access the older courses via <https://archiv.iliass.uni-mannheim.de/> using your University ID and password. If you have any questions and/or problems, please contact itsupport@uni-mannheim.de.

powered by ILIAS (v6.9 2021-04-30) - Legal Notice

4. You are now subscribed to the course on ILIAS. You can access the course material, the forum as well as the quizzes or upload own documents. The folder *Dateien* is containing most of the course material. Click on it to find lecture slides, exercise sheets, recordings etc.

- The course will now be shown on the main page of ILIAS sorted by semester (the current semester being at the top)

Forum

The forum is the place to communicate with lecturers as well as to communicate with your fellow students. Most often, you can ask questions on course content or administrative issues directly in the forum. This helps to keep a good overview and provides students with the possibility to review questions asked earlier that have already been answered. Every lecturer is handling the forum differently, i.e., some provide different forums for different topics others just have one forum or do not offer the channel at all. Please check for your respective courses. Also, students themselves can communicate with each other in the forum and i.e., even respond to questions of other students if they know the answer. If you would like to get notifications on new threads in the forum, click on *Action > Enable Notification for this Forum*.

3. Type in your comment or question and add a document if you want to, i.e., some students use this functionality to add a screenshot of calculations they are referring to. Check the box for *Notification* if you would like to receive an e-mail if someone has responded to your thread. Click *Create* to post your thread.

Tasks & upload documents

Some courses contain tasks which can be accessed by clicking on them. Furthermore, some lecturers ask you to submit coursework like papers etc. online via ILIAS.

Group “Mannheim Master in Management”

Besides course material, you can find other interesting groups on ILIAS that contain important information on your studies. One of these groups is the “Mannheim Master in Management MMM”. Follow the steps shown above to

search for the group and to join it in order to access the files. You will find general information on the MMM as well as information on exchange programs etc.. Often, presentation slides i.e., exchange semester/double degree options will be uploaded here. Another interesting group could be "Umrechnungstabellen für das Auslandsstudium" where you find all conversion tables for the grades obtained during an exchange semester.
